

# Pet Disaster Pictionary

You will need a white board, marker, eraser, 1 minute timer, and Pet Disaster Pictionary cards. You can print this slide show as two slides per page and then cut out the cards.

Divide players into two teams and determine which team will go first with a pop question. The person sketching has 1 minute to draw the word without using letters, symbols, or making sounds. If the team guesses correctly, they get one point. Cards with the dog and letters AP are All Play cards where both teams get to guess for a point. Teams should rotate who draws. Play until a pre-determined score is met.
